

2026 Jamboree Band

Music Update 7/5/26

Greetings Band,

We are getting close and folks are getting excited.

The band directors staff has been meeting and the planning is going well. Gigs are coming in.

When we get to the Jamboree, we'll be working on many tunes. It would be a help if you had the chance to look at the music in advance.

Group Three Songs - The third group of songs has now been posted at the website under *Repertoire*. Be sure to print them out in advance. Several tunes are more difficult and would definitely benefit from some preparation in advance.

Stars and Stripes Forever, Walking on Sunshine, In The Stone

New Orleans Band

We are going to organize a New Orleans style small band. This is for better players.

Music is posted at the band website entitled **New Orleans Songs**

You'll need a flip folio for music with extra sheets, and a lyre. You can buy these online at places like Groth Music, the Band Shoppe, or your local music store.

Joe Avery We will be learning and using a New Orleans Second Line tune called Joe Avery's blues as part of our routines. It's 12 bar form. I-IV-V Starting note Bb Concert

Try to look at this in advance and learn how it goes. If you can solo, please prepare.

I've enclosed two links to listen to.

You'll need a flip folio for music with extra sheets, and a lyre. You can buy these online at places like Groth Music, the Band Shoppe, or your local music store.

Music stand

Remember that you'll need to bring a music stand for rehearsals.

(If you are flying, you do need to bring a music stand. We have several that you can borrow)

Bring a small percussion instrument: tambourine, shaker, maraca, hand drum or any interesting noise maker.
